Key Note Speaker

Maggie Dent

Maggie will explore the topics of “Real Kids in an Unreal World”

“We can’t change the world, however we can help our children to develop emotional buoyancy and competence by experiencing life’s joys and successes, as well as its challenges and setbacks. When this is done within the safety of supportive relationships — especially in families and communities — one building block at a time from birth to 12, children can grow into being the capable, independent adults we all yearn to meet one day.”
